

## GRAIN DRUM 33

The Grain Drum 33 is the largest fixture in our Grain series. Building upon the knowledge learned by building our Drum 25, the Drum 33 pushes the form to the largest size possible with a standard 48" spinning blank. Using a method similar to how drums are made, we cut one long board of maple into pie shaped staves and glued them up in a circle to create the hollow mold from which the spinning tool was made. The Grain Drum 33 is illuminated by four bulbs that are concealed behind a wood grain reflector, giving the impression of standing under an eclipse.

**DIMENSIONS**  
33" x 33" x 13.5"

**DROP HEIGHT**  
6' Cloth-Covered Cord Standard

**BULB SPECS**  
E26 G25 LED 5W Frosted Included  
JA8 Compliant

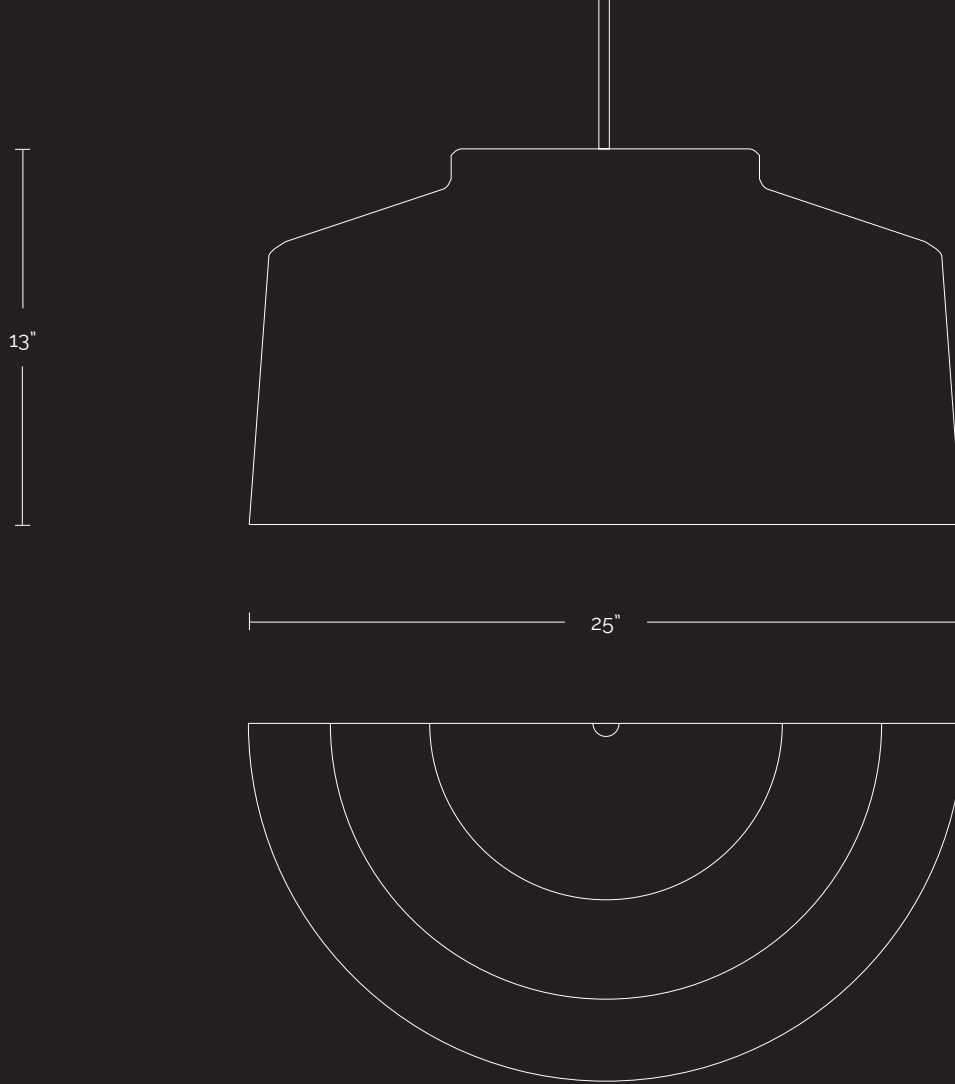

**CERTIFICATION**  
UL  
CE Listed Upon Request

**VOLTAGE**  
120v/220v

**COLORWAYS**  
White & Aluminum  
Black & Brass

**LUMENS**  
1920 Standard

**DIMMABILITY**  
CL / Reverse Phase Dimmer  
Recommended Lutron Models:  
MACL-153M Maestro  
DVCL-153P Diva  
SCL-153P Skylark

## GRAIN DRUM 25

Making the Grain Drum 25 requires a wood mold of surprising size. We knew we had to make the mold hollow to keep wood cost down and the weight of the mold within reason. Using a method similar to how drums are made, we cut one long board of maple into pie shaped staves and glued them up in a circle to create the hollow mold. Three bulbs, which are concealed behind a wood grain reflector, illuminate the Grain Drum 25 giving the impression of standing under an eclipse.

### DIMENSIONS

25" x 25" x 13"

### DROP HEIGHT

6' Cloth-Covered Cord Standard

### BULB SPECS

E26 G25 LED 5W Frosted Included  
JA8 Compliant

### CERTIFICATION

UL  
CE Listed Upon Request

### VOLTAGE

120v/220v

### COLORWAYS

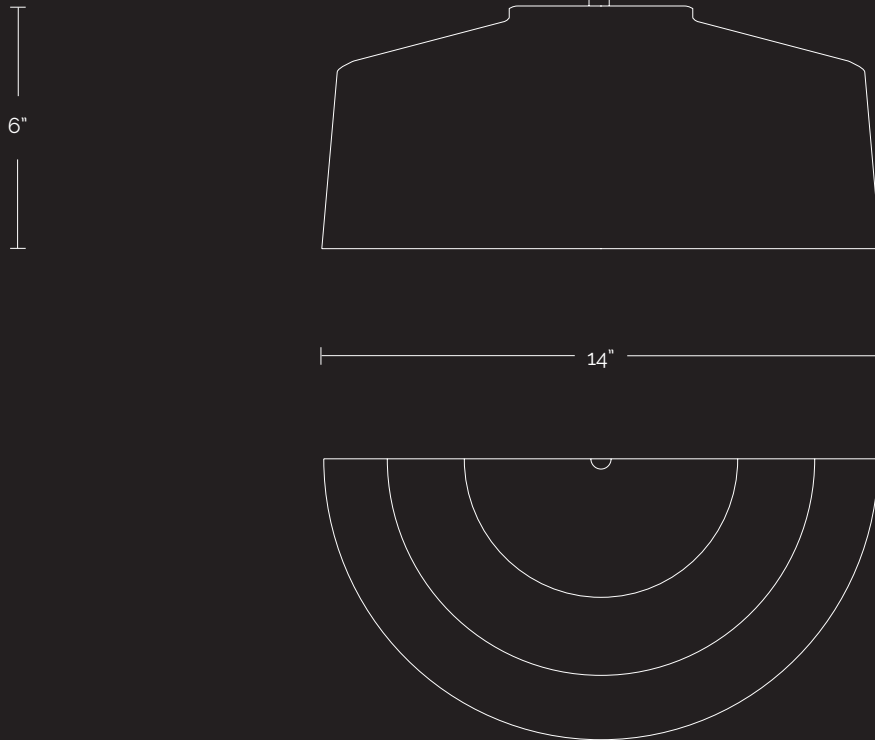

White & Aluminum  
Black & Brass

### LUMENS

1440 Standard

### DIMMABILITY

CL / Reverse Phase Dimmer  
Recommended Lutron Models:  
MACL-153M Maestro  
DVCL-153P Diva  
SCL-153P Skylark

## GRAIN DRUM 14

Made over a wooden mold that has been sandblasted to raise the grain, the Grain Drum 14 is perfect above a kitchen island or dining table. The book-matched grain you see when looking at the shade in profile is the result of using one continuous board glued into a 6-sided circle and cut down to make the spinning tool. It features a spun bottom reflector, which conceals the candelabra base bulbs. The overall effect from below is like standing under an eclipse.

### DIMENSIONS

14" x 14" x 6"

### DROP HEIGHT

6' Cloth-Covered Cord Standard

### BULB SPECS

E12 G16.5 LED 4W Frosted Included  
JA8 Compliant

### CERTIFICATION

UL

### VOLTAGE

120v

### COLORWAYS

White & Aluminum  
Black & Brass

### LUMENS

1080 Standard

### DIMMABILITY

CL / Reverse Phase Dimmer  
Recommended Lutron Models:  
MACL-153M Maestro  
DVCL-153P Diva  
SCL-153P Skylark
