

# DOUBLE PIVOT CHANDELIER

Our largest fixture at just under ten feet long, the Double Pivot Chandelier features ten shades held aloft through a simple armature of cords and rods. The Double Pivot Chandelier is right at home in lobbies, entryways and boardrooms. A tensegrity structure, the fixture's cloth-covered electrical cords resist in tension the compression force of the steel rods for a buoyant and dramatic finished look. Each chandelier requires two junction boxes, is built to order in our Los Angeles studio, and breaks down for easy shipping.

**DIMENSIONS**  
123.5" x 52" x 11"

**DROP HEIGHT**  
8' Flexible Cord Standard  
Rigid and Telescoping Options Available  
2 Junction Boxes Required
