

# LONG HOOD CHANDELIER

An asymmetrical white oak frame gives the Long Hood Chandelier a dynamic look from every angle. Compound mitered lap joints are hand cut in our studio to create the triangulated armature. Matte white polyethylene shades are attached to vertical oak spines with nylon bolts. The brass wiring hub finishes the piece for a sophisticated and modern look.

## DIMENSIONS

60" x 28" x 15"

## DROP HEIGHT

Rigid Tube Standard  
5", 8", 14", 26", 38"  
Telescoping Tube Available  
14"-26", 26"-50", 38"-74"

## BULB SPECS

E26 A19 LED 5W Frosted Included  
JA8 Compliant  
LED Required, 10W LED Max

## CERTIFICATION

UL  
CE Listed Upon Request

## VOLTAGE

120v/220v

## COLORWAYS
