

LONG CORD CHANDELIER

The Long Cord Chandelier was designed to hang above a dining table, with two arms that extend 46 inches long and four central arms that extend downward to create intimacy. This is a tensegrity structure, where the compression of the steel arms resists the tension of the cloth-covered electrical cords to hold the custom ceramic sockets aloft. The overall width complements the footprint of a standard dining room table. Each chandelier is built to order in our Los Angeles studio.

DIMENSIONS

46" x 29" x 8"

DROP HEIGHT

Rigid Tube Standard
5", 8", 14", 26", 38"
Telescoping Tube Available
14"-26", 26"-50", 38"-74"

BULB SPECS

E12 G16.5 25W Frosted Included
60W Max

CERTIFICATION
